

Session Program

13-16 Sept 2006

Prospects for Charged Higgs Discovery at Colliders

Invited experimental talks

Uppsala University, Gustavianum

Thursday 14 September

09:00

Invited experimental talks

Session | **Location:** Uppsala University, Gustavianum

09:00–09:30

Charged Higgs prospects at future linear colliders

Speaker

Arnaud Ferrari

09:35–10:05

Review of Monte Carlo generators

Speaker

Johan Rathsmann

10:10–10:40

Review of charged Higgs trigger strategies

Speaker

Simone Gennai

10:45–11:15

Coffee

11:15–11:45

Review of charged Higgs reconstruction tools

Speaker

Ketevi Adikle Assamagan

11:50–12:20

To be determined

12:30
