

## HIE-ISOLDE

*Tuesday 18 November 2008 09:30 (30 minutes)*

The HIE-ISOLDE proposal is gathering momentum with important contributions from Belgium, Sweden, UK and the collaboration already committed. I will in this presentation give an overview of the proposal, review the status of the different activities and give an outlook on how the different activities could evolve over the coming years provided the necessary funding is becoming available.
