

EDS Blois 2015, 16th International Conference on
Elastic and Diffractive Scattering

Borgo-Corsica, 29 June - 3 July 2015

Sessions

- Multi-parton interactions, soft QCD and diffraction
- Heavy ion (CGC, QGP, UPC)
- Recent theory development
- Hard diffraction and central exclusive production
- Forward Physics (low x) and cosmic rays
- High pT and jet physics
- Exclusive processes and hadron structure
