

Conclusion of the 2015 EDS Blois workshop

Contents:

- Proceedings
- Acknowledgments
- Next low x meeting
- Next LHC Forward Physics meeting

Proceedings - Acknowledgments

- Proceedings
 - Proceedings will be published by Acta Physica Polonica
 - Details (tex format...) will be sent to all speakers by email; about 6 pages per contribution
 - **Deadline:** end of September
- Acknowledgments to all conveners:
 - Soft diffraction, total cross section: Valentina, Marc, Benoit
 - Jets: Mikko, Oldřich, Gregory
 - DPE and exclusive diffraction: Christina, Ronan, Valery, Christophe
 - Low x and cosmic rays: Tanguy, Cyrille, Grzegorz
 - Exclusive diffraction: Samuel, Vladimir, Franck
 - Heavy ions: Matthew, Guillermo, David, Javier
 - Theory: Lech, Edmond
- Thanks to local committee: Patrice, Gregory, Cyrille, Edmond, Matthew, Marc, Pierre, Christophe
- Many thanks to Monique

Future meetings

- **Low x workshop:** Sandomirycz, Poland, 1-5 September 2015, see http://www-d0.fnal.gov/royon/lowx_poland
- **Meeting of the LHC forward Physics WG:** Nagoya, Japan, 9-12 September 2015, http://www-d0.fnal.gov/royon/forward_nagoya
- **Please register to these meetings and contact the organisers if you are interested in giving a contribution**
- **Diffraction 2016:** Sicily, 2016, precise dates to be defined
- **Next EDS Workshop:** to be sent by email, towards Summer 2017
