

**Session Program**  
**29 June 2015 to 4 July 2015**

**EDS Blois 2015: The 16th conference on  
Elastic and Diffractive scattering**

***Hard diffraction and CEP session I***

Borgo, Corsica  
Club Belambra "Pineto" Lido de la Marana Route du Cordon Lagunaire 20290 Borgo France

# Thursday 2 July

09:00

## Hard diffraction and CEP session I

**Session** |**Location:** Borgo, Corsica, Club Belambra "Pineto" Lido de la Marana Route du Cordon Lagunaire 20290 Borgo France

09:00-09:30

### Recent results on hard diffraction at HERA

**Speaker**

Alice Valkarova

09:30-09:55

### Hard diffraction in pythia8

**Speaker**

Christine Overgaard Rasmussen

09:55-10:20

### Measurement of exclusive $\gamma+\gamma \rightarrow \ell\ell$ production in proton-proton collisions with the ATLAS detector

**Speaker**

Oldrich Kepka

10:20-10:45

### Single and central diffractive production of open charm and bottom at the LHC

**Speaker**

Marta Luszczak

10:45
