

III Russian-Spanish Congress

Wednesday, 9 September 2015

Session 5 (09:00 - 11:20)

-Conveners: Antonio Pich

time	[id] title	presenter
09:00	[26] New method of quantization of the Yang-Mills theory	SLAVNOV, Andrey
09:30	[4] Summation of UV divergences in maximally supersymmetric Yang-Mills theories in diverse dimensions	Prof. KAZAKOV, Dmitry
10:00	[22] Zero modes, heat kernel expansions, spectral zeta functions. A novel approach.	Dr JUAN, Mateos Guilarte
10:20	[100] Renormalization-group improved inflationary scalar electrodynamics and SU(5) scenarios	POZDEEVA, Ekaterina
10:40	[43] Nonlocal gravity from generalised spacetime structure	GOLOVNEV, Alexey
11:00	Break
