

# Phenomenology 2015 Symposium

## Tuesday 5 May 2015

### Neutrinos - G27 (14:00 - 16:00)

-Conveners: Alexander Stuart

time	[id] title	presenter
14:00	[108] Dynamical Pion Collapse and the Coherence of Neutrino Beams	JONES, Benjamin JONES, Benjamin
14:15	[5] The latest result/analysis of Double Chooz Experiment	Mr YANG, Guang
14:30	[73] Standard and Non-standard Neutrino Oscillations at Daya Bay	Dr VANEGAS FORERO, David
14:45	[2] Reconciling eV Sterile Neutrinos with Cosmological Bounds	Dr TANG, Yong
15:00	[15] Resonant Neutrino Self-Interaction in IceCube	KAMADA, Ayuki
15:15	[7] On neutrino and charged lepton masses and mixings: A view from the electroweak-scale right-handed neutrino model	LE, Trinh
15:30	[97] The improved bounds on the heavy neutrino productions at the 8 TeV LHC	Mr DAS, Arindam
15:45	[46] Heavy Neutrino Searches at Future Colliders	DEV, Bhupal
