

EuCARD-2 2nd Annual Meeting

21-24 April, 2015, ALBA Synchrotron, Barcelona, Spain

EuCARD-2, the largest collaborative R&D project in Europe is organizing its 2nd Annual Meeting on 21-24 April 2015, hosted by ALBA Synchrotron in Barcelona, Spain.

The meeting will review the status of accelerator R&D in Europe and will report the progress and activity of the EuCARD-2 work packages in fields as varied as high field magnets, advanced collimation materials, innovative radio-frequency technologies, novel accelerator concepts, accelerator applications, energy efficient accelerators, new accelerator designs and paths to improving performance for existing accelerators.

Organizing and Programme committee:

Ralph Assmann, DESY
Gabriele Benedetti, ALBA
Julia Cachet, CERN
Julia Double, CERN
Francis Perez, ALBA
Daimi Perez, ALBA
Agnes Szeberenyi, CERN
Maurizio Vretenar, CERN
with the contribution of the
EuCARD-2 Steering Committee
