

## Dark Matter: Astrophysical probes, Laboratory tests, and Theory aspects

**Dark Matter:**  
Astrophysical probes,  
Laboratory tests, and  
Theory aspects

Feb 2015  
Munich Institute for Astro- and Particle Physics

Contribution ID: 38

Type: **not specified**

## The nature of dark matter from the high-redshift HI 21 cm signal

*Wednesday, 18 February 2015 15:30 (20 minutes)*

**Presenter:** EVOLI, Carmelo (SISSA/ISAS)

**Session Classification:** BBN, CMB, 21cm, and ultra-compact mini halos
