

Dark Matter: Astrophysical probes, Laboratory tests, and Theory aspects

Dark Matter:
Astrophysical probes,
Laboratory tests, and
Theory aspects

Feb 2015
Munich Institute for Astro- and Particle Physics

Contribution ID: 50

Type: **not specified**

Current options for collider/DD/ID plots

Tuesday, 24 February 2015 14:30 (15 minutes)

Presenter: Ms DOGLIONI, Caterina (Universite de Geneve (CH))

Session Classification: Mini-workshop - theme: collider results
