Collaboration between CERN and HUG

ACCU – 9th June 2015
On the 4th of May 2015, a new collaboration started between CERN and HUG concerning the management of medical emergencies on the CERN sites.

ワイド5 years contract, renewable

CERN hosts an emergency vehicle -located in building 66- fully equipped with:

+ an emergency doctor
+ an ambulanceman = SMUR
Localisation
bldg. 66
Plan of the project
Building 66

Plan Rez de Chaussée 1:100

ACCU – 9th June 2015
WHY?

- Population: 8 to 10,000 people/day
- Age: 0 to 80 (restaurants, kindergarten)
- Visitors: 100,000/year
- 3 hotels: > 90,000 nights in 2011

CERN facilities cover a large territory in 2 countries

same perennial solution from any location on the CERN site
The SMUR
(Service Mobile d’Urgence et de Réanimation)

✓ runs 12 hours/day – 5 days/week
✓ available for people on the CERN site (F + CH) & people of Geneva Canton on the Western flank

The management of the medical emergencies are treated via the 144 (Geneva emergency call center)

HUG provide continuous training in emergency care for the staff of CERN Medical Service & Fire Brigade

common proficiency level in emergency care in line with the applicable standards
You still have to call **74444**

- **74444 = FB**
- 1st aid CERN ambulance
- Discussion with 144
- Dispatching of appropriate emergency rescue vehicles (according to health state assessment)
- SMUR
- Geneva ambulance
- Helicopter

**efficiency**  **delay**

*ACCU – 9th June 2015*
1st examples of emergency rescue

20.05.2015 – tram route de Meyrin

21.05.2015 – Site du CERN Point 8
