- **Open to public 292 days in 2015**
• Reception and Visit service: 292 days (2015)
• Official CERN closure: 25 days (2015)
• Remaining days: 48 days (Sundays)

What could we propose?

1. To open Reception + Microcosm on remaining days?
2. Open air information area under construction - 24/7 installation
3. An open air exhibition - accessible 24/7
4. New «place des particules» - accessible 24/7
• Reception and Visit service: 292 days (2015)
• Official CERN closure: 25 days (2015)
• Remaining days: 48 days (Sundays)

To open Reception + Microcosm on remaining days?

• Minimum: 2 guards + 2 persons at reception/shop + 1 guide
• + exhibition picket + supervisor on call

Related costs / 9 hours a day / 48 days (73 days)
• Guards: 75’677 CHF (86’085 CHF)
• Reception personnel: 30’000 CHF (45’625 CHF)
• Guide: 14’256 CHF (21’681 CHF)
• Pickets: exhibition not possible; supervisor: 3’024 CHF (4’599 CHF)

• Total for 48 days: 128’000 CHF
• Total for 73 days: 150’000 CHF
Passeport Big Bang Plateform
ATLAS and GLOBE

Open to public at the end of
September 2015
3. An open air exhibition accessible 24/7
Depending of supports choice and safety considerations between 50 and 100’000 CHF
4. New «Place des particules»
• Screen alone: 4 to 5 MCHF
Visits opportunities at CERN
new microcosm is on its way

Autumn 2014  Project given go-ahead
Feb 2015     Building works start: bringing in more light, improving access, fire safety & generally bringing the building up to modern standards
May 2015     Installation of new content begins
July 2015     Partially re-opened to visitors with guides at peak periods
End 2015     Inauguration

Future development to include new screen content (audio-visual recordings + animations) plus work to the annex area with the addition of more historical objects.
