

Session Program

23-24 Apr 2015

1st Workshop on Low Emittance Lattice Design

Error Sensitivity II

Hosted by the ALBA Synchrotron on the Campus of the Autonomous University of Barcelona, Spain
Barcelona, Spain

Friday 24 April

11:00

Error Sensitivity II

Session | **Location:** Campus Hotel, Rm Luis Vives I | **Convener:** Robert Hettel

11:00-11:25

Sensitivity Studies / Coupling Control for the CLIC Damping Rings (20+5)

Speaker

Javier Alabau Gonzalvo

11:25-11:50

Investigation of Injection Schemes for SLS-2.0 (20+5)

Speaker

Angela Saa Hernandez

11:50-12:15

Experimental Setup and Lattice Data Analysis for TBT Measurements at ALBA (20+5)

Speaker

michele carla'

12:15-12:40

Optics Measurements in LERs using TBT data (20+5)

Speaker

Panagiotis Zisopoulos

12:40-13:00

Discussion / Short Contributions

13:00
