LHCOPN operational working group

Guillaume Cessieux (CNRS/IN2P3-CC)

first meeting
CERN - September 9-10th, 2008

http://indico.cern.ch/conferenceDisplay.py?confId=37175

Background

- Last LHCOPN's meeting (June 2008) actions on Operations
  - A1: Put together a working group to complete the ops models and publish
  - A2: Take input from ISHARE work of GN2
  - A3: Clarify the operational issues with E2ECU
    - What is the status of the E2ECU? What does it manage?
    - What is the perfsonar deployment status?
    - How is the E2ECU service measured?
  - A4: Demonstration of the GGUS/OPN ticketing system at the next meeting

- Ops Meeting in July cancelled

Quick updates (1/2)

- A4: GGUS TTS for the LHCOPN
  - Specification OK, accepted and included in workplan!
  - Ongoing: https://iwrgustrain.fzk.de/pages/ticket.php
  - Milestone for next LHCOPN meeting (October 17th)
    - On schedule - confirmed 2008-09-08

- A3: E2ECU improvement requests
  - https://ccenoc.in2p3.fr/repository/E2ECU-2008-07-02.pdf
  - Shared with Emma

- A2: Not yet public deliverable, GN2 people should give me an excerpt

Quick updates (2/2)

A1:

- Ops WG set up
  - 10 people (2 T0, 3 T1, 2 EGEE, 1 LCG, 1 NREN, 1 DANTE)
  - Hard to have them in the same place

- First seed of twiki documentation
  - https://twiki.cern.ch/twiki/bin/view/LHCOPN/OperationalModel

Roadmap

- Next Ops meeting
  - October 9-10th @CERN
  - http://indico.cern.ch/conferenceDisplay.py?confId=38583

- Next LHCOPN meeting October 17th, Copenhagen
  - Tight schedule

Today/Tomorrow workplan?

- Advance on the operational model

- Document

- Sketch implementation
  - Recent outages urge that
