# Cross-Review

# What is Cross-Review?

Once all review reports on a manuscript are submitted, handling editor can choose to invite reviewers for a discussion. **This approach has proven to be very efficient mostly in the case of conflicting review reports.**

Thank you!

## You are a Recognized Reviewer!

>> [Access My Elsevier Reviews Profile](#)

We recognize the important contribution all reviewers make to Elsevier's journals. Based on your contribution, we have awarded you Recognized Reviewer Status.

### My Latest Review

*General and Comparative Endocrinology*  
September 2014

You are awarded this status as you have completed at least one manuscript review in the last two years for *General and Comparative Endocrinology*.

My Elsevier Reviews Profile BETA is a personalized page where you can:

- Track your reviewer status
- Claim reviewer discounts
- Collect your certificate
- Share your reviewer record.

Emails are sent to reviewers after review with link to personal profile page
