

# VLVnT - 2015 : Very Large Volume Neutrino Telescope

## Wednesday 16 September 2015

### Plenary session 5 (11:00-12:40)

-Conveners: Tyce DeYoung

time	[id] title	presenter
11:00	[13] Ground-based gamma-ray astronomy: Investigating the sky at photon energies between ~20 GeV and 100 TeV	VAN ELDIK, Christopher
11:40	[14] Future very-high-energy gamma-rays detection projects at ground	DE ANGELIS, Alessandro
12:20	[103] Opportunities within ASTERICS	VAN DER MEER, Rob
