

Session Program

14-16 Sept 2015

VLVnT - 2015 : Very Large Volume Neutrino Telescope

Plenary session 1

University "La Sapienza", Physics Department
Piazzale Aldo Moro, 2 - 00185 Roma - Italy

Monday 14 September

09:00

Plenary session 1: Opening ceremony and Workshop introduction

Session | **Location:** University "La Sapienza", Physics Department, Piazzale Aldo Moro, 2 - 00185 Roma - Italy |
Convener: Antonio Capone

09:00–09:10 **Opening speeches, Greetings from local authorities**

09:10–09:40

Extragalactic Neutrino Sources and their Multi-Messenger Constraints

Speaker

Markus Ahlers

09:40–10:10 **High energy neutrinos: validations, inferences, prospects**

Speaker

Francesco Vissani

10:10–10:40

Latest results from Fermi-LAT and the impact on neutrino observations

Speaker

Paolo Giommi

10:40
