

Session Program

14-16 Sept 2015

VLVnT - 2015 : Very Large Volume Neutrino Telescope

Plenary Session 3

University "La Sapienza", Physics Department
Piazzale Aldo Moro, 2 - 00185 Roma - Italy

Tuesday 15 September

09:00

Plenary Session 3: Neutrino Physics with under-ice, under-water, underground detectors

Session |

Location: University "La Sapienza", Physics Department, Aula Amaldi, first floor, Piazzale Aldo Moro, 2 - 00185 Roma

Chair: Christian Spiering

09:00–09:30

Global neutrino oscillation analysis: status of unknown parameters, and future systematic challenges for ORCA and PINGU

Speaker

Eligio Lisi

09:30–10:00

KM3NeT/ORCA: status and plans

Speaker

Dorothea Samtleben

10:00–10:30

From DeepCore to PINGU

Speaker

Juan-Pablo Yanez

10:40
