

Session Program

7-11 Sept 2015

POETIC VI

September 7th-11th 2015
Palaiseau, France

6th International Conference on Physics Opportunities at an Electron-Ion Collider

POETIC6

Future facilities

Ecole Polytechnique, Amphi Gay-Lussac
Palaiseau, FRANCE

Monday 7 September

10:40

Future facilities

Session | **Location:** Ecole Polytechnique, Amphi Gay-Lussac, Palaiseau, FRANCE | **Convener:** Franck Sabatié

10:40-11:05 Overview of the LHeC Project

Speaker

Paul Richard Newman

11:05-11:30 Design of High-energy High-luminosity electron-ion collider eRHIC

Speaker

Vladimir Litvinenko

11:30-11:55

The JLab/MEIC Detector Design and Integration with the Accelerator Lattice

Speaker

Charles Hyde

11:55-12:20 The design of the MEIC Accelerator at Jefferson Lab

Speaker

Fulvia Pilat

12:20
