

Session Program

18-20 Mar 2015

ALICE Offline week

Distributed Computing

CERN

Friday 20 March

09:00

Distributed Computing

Session | **Location:** CERN, 30/7-018 - Kjell Johnsen Auditorium | **Convener:** Latchezar Betev

09:00–09:20

Productions

Speaker

Latchezar Betev

09:20–09:40

Operations

Speaker

Maarten Litmaath

09:40–10:00

VmBatch, a dynamic virtualization tool for running grid jobs

Speaker

Bjarte Kileng

10:00–10:30

Coffee break

10:30–10:50

HLT Cloud: current status and timeline

Speaker

Dario Berzano

10:50–11:20

Integration of XRootD into the cloud infrastructure for ALICE data analysis

Speaker

Volodymyr Yurchenko

12:30
