

# Heavy quark spectroscopy

*Tuesday 1 September 2015 17:20 (25 minutes)*

The latest results on heavy quark spectroscopy from LHCb experiment will be reported, including the studies on excited bottom and charm mesons and charmonium-like exotic states such as X(3872).

**Primary author:** VECCHI, Stefania (INFN Ferrara)

**Presenter:** PAPPAGALLO, Marco (University of Glasgow (GB))

**Session Classification:** Heavy Quarks

**Track Classification:** Heavy Quarks
