

LHC RF Timing Vistar meeting – Agenda: <https://indico.cern.ch/event/382681/>

1. Vistar and DIP publications:
 - a. Latest version: 1.3
 - b. Additional modifications:
 - i. Meaning of “-“ versus N/A for the Centroid
 - ii. Color code for DIP data
 1. Grey : Change of timestamp between 2 publication, AND timeout since last publication (to avoid the case of only one single publication and nothing since)
 - iii. Last QPLL unlock events: data type modification (unsigned Int replaced by LongInt)
2. Cogging:
 - a. News from the RF
 - b. Indico Chat room: <https://indico.cern.ch/event/382681/>
 - c. Powering test: <http://hcc.web.cern.ch/hcc>
