

Noise Checks for New Threshold Families

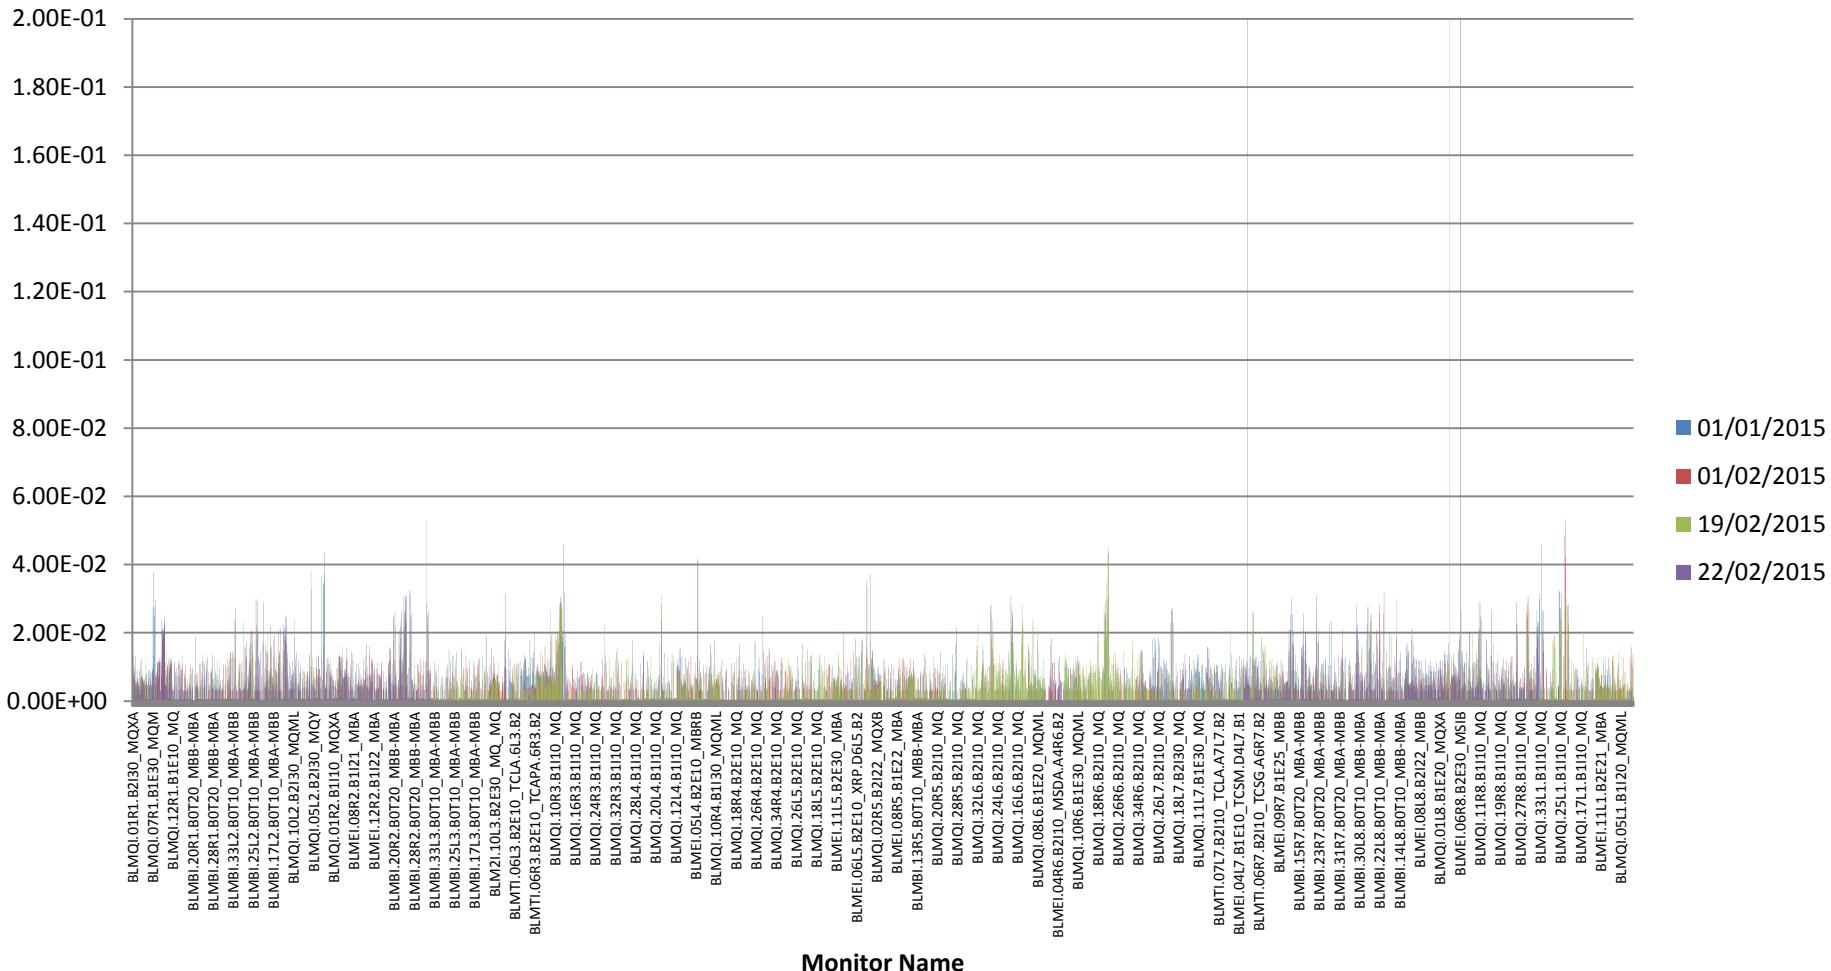

Matti Kalliokoski

11th BLM Thresholds WG Meeting

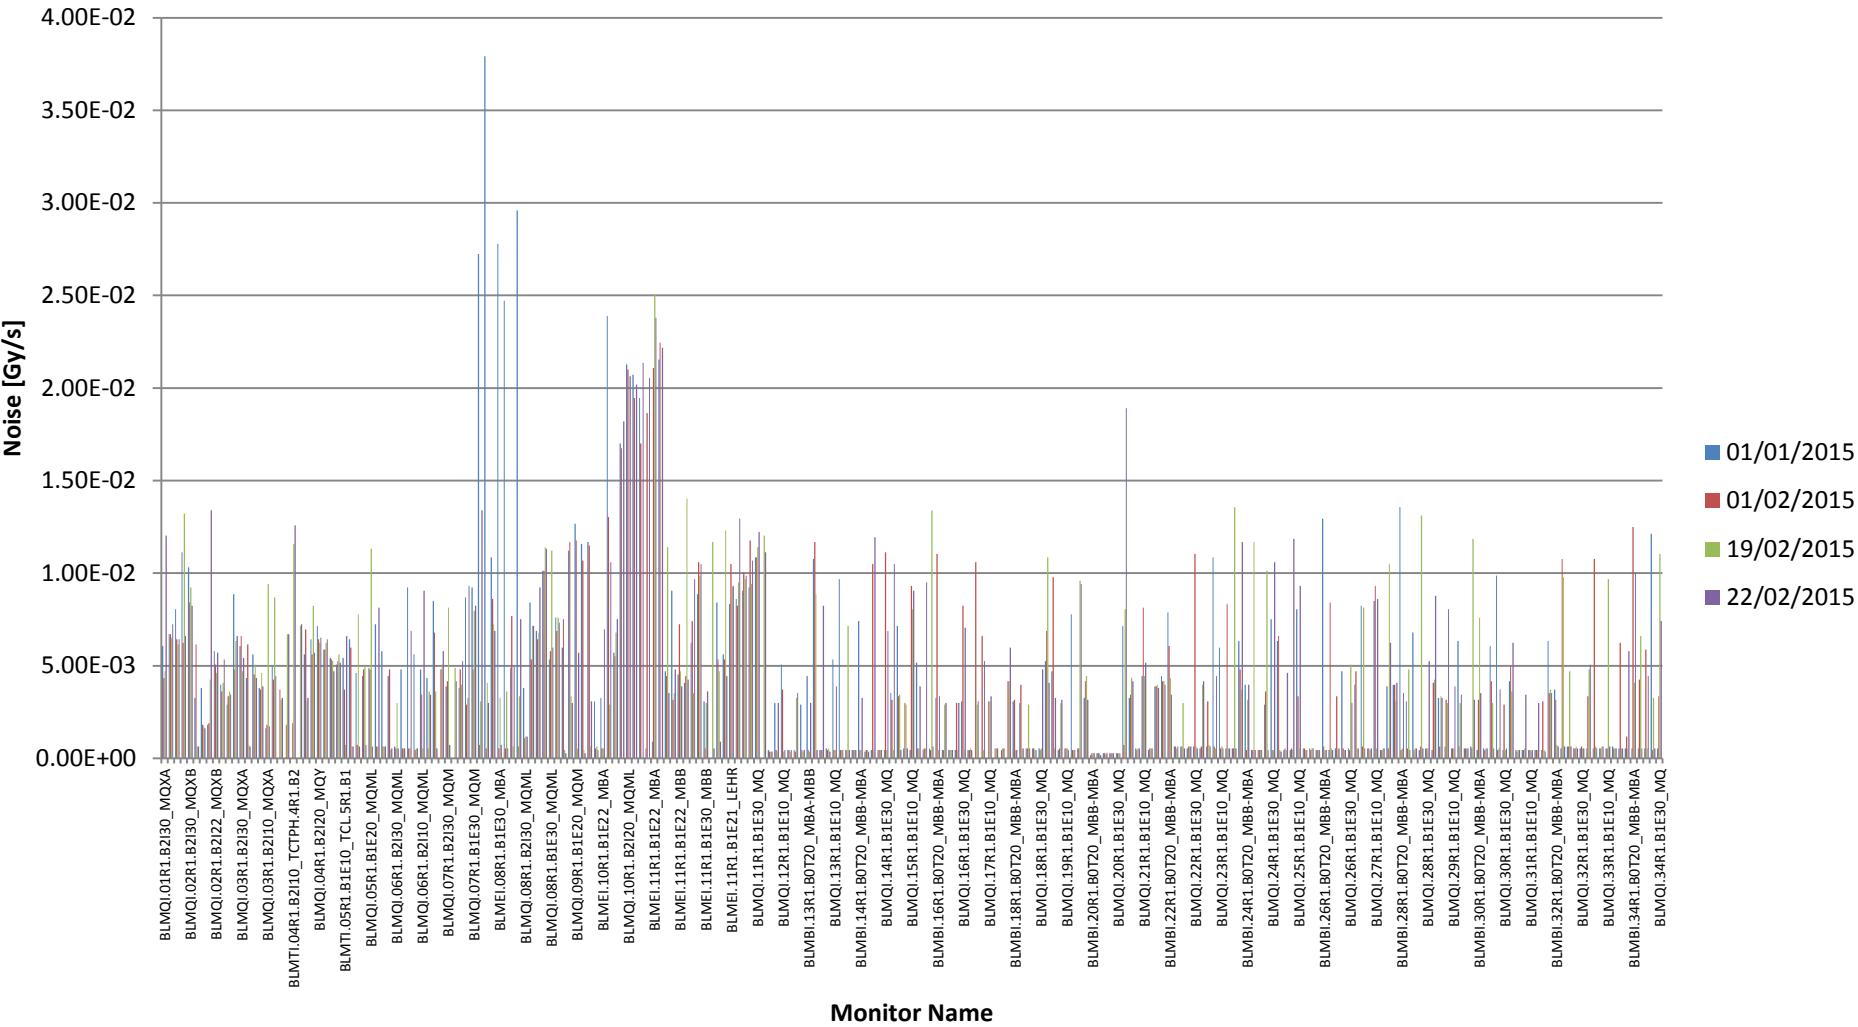

31/03/15

Noise in the LHC

Noise [Gy/s]

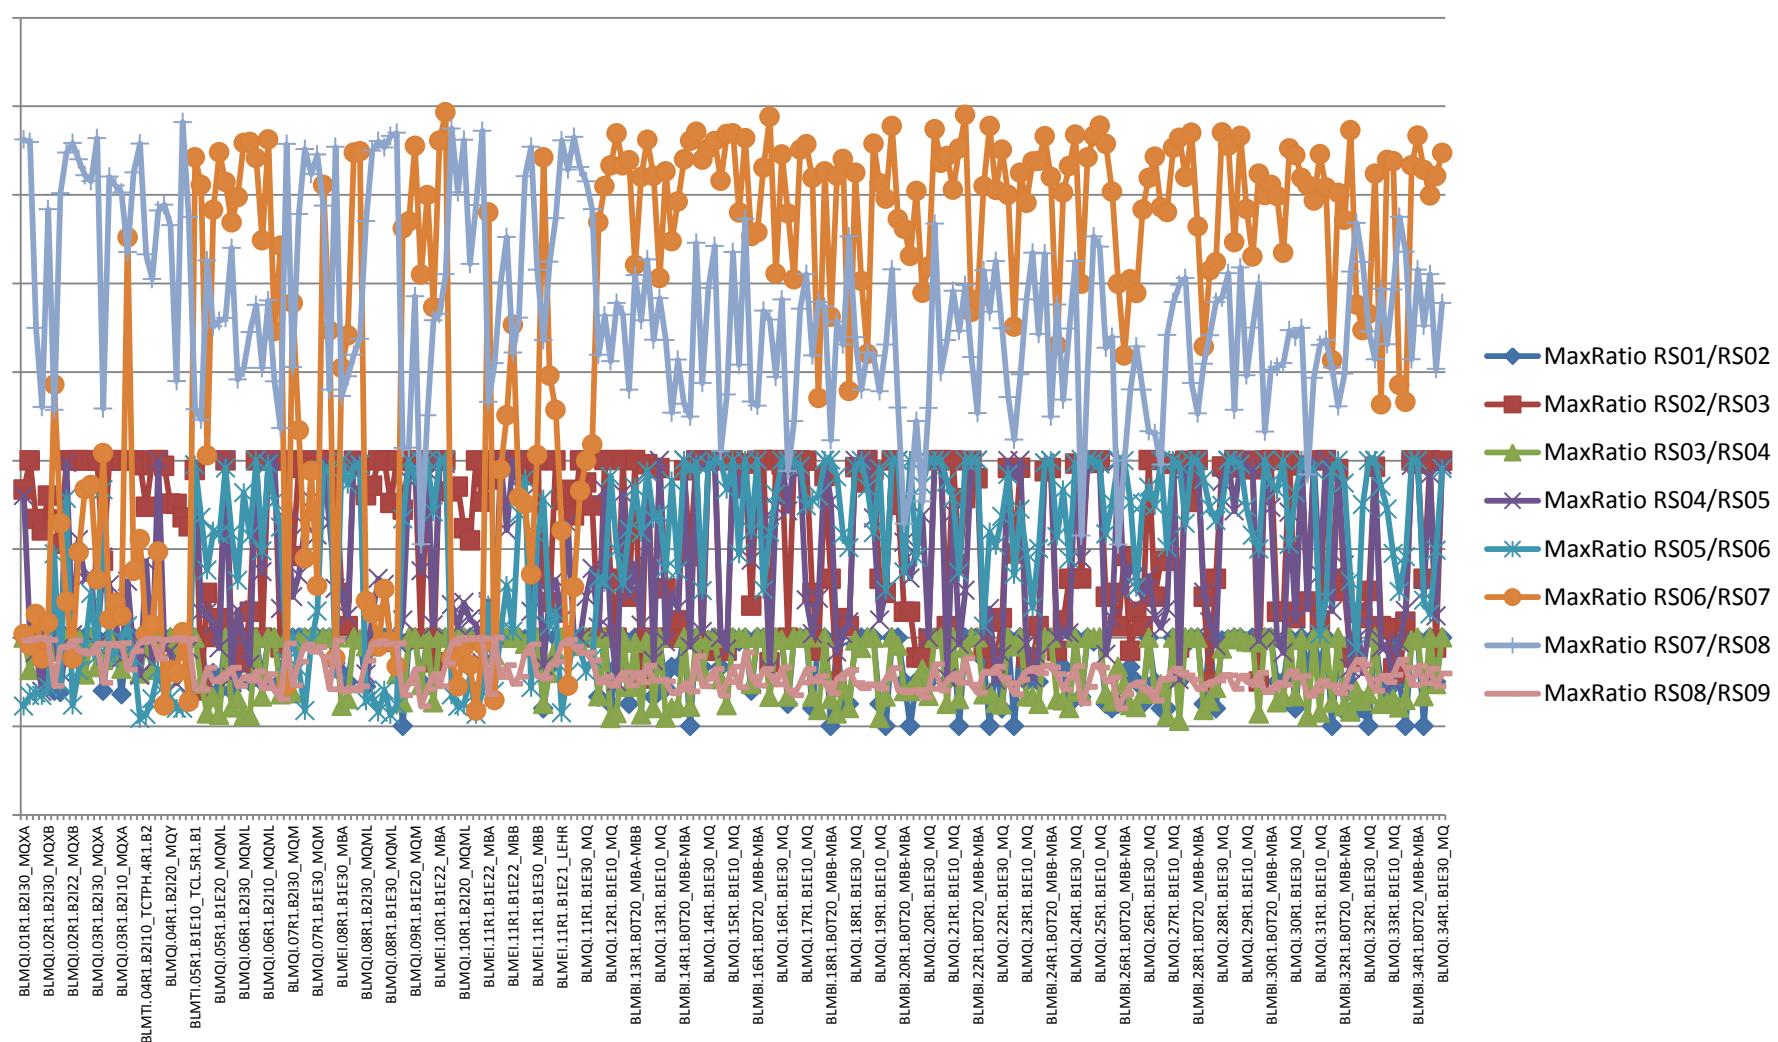

Noise in R1

Difference Between Running Sums

Numerator/Denominator	RS01	RS02	RS03	RS04	RS05	RS06	RS07	RS08	RS09	RS10	RS11	RS12
RS01	1											
RS02	2	1										
RS03	8	4	1									
RS04	16	8	2	1								
RS05	64	32	8	4	1							
RS06	256	128	32	16	4	1

THRI.ARDS_MBM 6.5 TeV RS01

THRI.ARDS_MBMB 6.5 TeV RS01

Next Steps

- Complete the noise analysis plots for all the new families
- Fix the old noise analysis tools
- Verify the current noise level of the noisy monitors after some repairs
 - Changes of cards
