Reliability of Accelerators for Accelerator Driven Systems

Tuesday 23 June 2015

Accelerator subsystems' reliability - 774/R-013 (09:00 - 12:30)

time	[id] title	presenter
09:00	[12] ESS RAMI analyses (30')	BARGALLO, Enric
09:30	[13] ITER reliability challenges (30')	VERGARA, Antonio
10:00	[14] ITER interlocks dependability analysis strategy (30')	IGNACIO, Prietodiaz
10:30	Coffee break	
11:00	[16] IFMIF RAMI analysis for an availability oriented design	ARROYO, Jose Manuel
11:30	[15] Realising dependable electronics for high energy accelerator applications (30')	TODD, Benjamin
12:00	[17] Reliability prediction of complex systems (30')	JACOB, Frank
