

An aerial photograph of a European town square, likely in a Central European city. The square is paved and surrounded by multi-story buildings with red-tiled roofs. A prominent tower with a white facade and a small dome is situated in the center of the square. The surrounding area is filled with similar buildings, some with gabled roofs and dormer windows. The overall scene is a dense urban environment with a mix of historical and modern architecture.

**Low-x 2015**

**Excursion  
and dinner**

# Thursday, September 3<sup>rd</sup>
