

Session Program

8-14 Feb 2009

**Aspen Winter 2009 - Workshop on Physics at
the LHC era**

Friday Morning Session

Aspen Center for Physics

Friday 13 February

08:00

Friday Morning Session

Session | **Location:** Aspen Center for Physics

08:00–08:30

Neutrino Physics theory

Speaker

Andre de Gouvea

08:30–09:00

Borexino Results

Speaker

Cristiano Galbiati

09:00–09:30

Current Status and Prospects for Measuring Θ_{13}

Speaker

Lindley Winslow

09:30–09:50

break

09:50–10:20

Theory View on Dark Matter

Speaker

Neal Weiner

10:20–10:50

Collider physics application of SCET

Speaker

Thomas Becher

13:40
