

# 6th International Workshop on High Energy Physics in the LHC Era

## Saturday, 9 January 2016

**Higgs Physics - Auditorium Principal, Building A (14:30 - 16:10)**

time	[id] title	presenter
14:30	[291] Fermion and scalar phenomenology of a 2-Higgs doublet model with S3	CÁRCAMO HERNÁNDEZ, Antonio Enrique
14:55	[292] Searches for Extra Higgs Doublets in the ZZh Final State	NEILL, Nicolas
15:20	[293] Discrete Flavor Symmetries: Higgs and neutrino physics	LONG, Hoang Ngoc
15:45	[294] Phenomenology of the heavy quarkonium electric dipole transitions	MARTINEZ, Hector
