Adaptation of a generator to TMD analysis

Friday, 4 September 2015 12:05 (15 minutes)

abstract …

Session

6: New tools in data analyses (guidelines for multiD, weighted asymmetries, ⬛4pi⬛ measurements)

Primary author: BIANCONI, Andrea (Brascia University)

Presenter: BIANCONI, Andrea (Brascia University)

Session Classification: New data analysis methods (multiD and "4pi" measurements, weighted asymmetries, use of generators …)
