TMDe2015 - A path towards TMD extraction

Friday 4 September 2015

New data analysis methods (multiD and "4pi" measurements, weighted asymmetries, use of generators ...) - Giambiagi Lecture Hall (09:00 - 12:31)

   -Conveners: Alessandro Bacchetta; Anna Martin; Marco Radici

time	[id] title	presenter
09:00	[26] Bessel and p_T weighted asymmetries	GAMBERG, Leonard
09:45	[27] PDF extraction with neural network	LIUTI, Simonetta
11:10	[25] "4pi" and multiD measurements	CONTALBRIGO, Marco
12:05	[42] Adaptation of a generator to TMD analysis	BIANCONI, Andrea
