

# The 3rd Annual Large Hadron Collider Physics Conference (LHCP2015)

## Monday, 31 August 2015

### Higgs - 2: Parallel 2 (14:30 - 16:35)

-Conveners: Bruce Mellado Garcia; Marco Pieri; Pierre Savard

time	[id] title	presenter
14:30	[58] Extending the Higgs boson sector: an extra singlet	VYSOTSKIY, Mikhail
14:50	[59] Double Higgs boson production in see-saw type II and the Georgi-Machacek model	GODUNOV, Sergey
15:10	[60] Mass, spin/CP and other properties at the LHC	VENTURI, Manuela
15:30	[61] General status and future prospects of HO corrections	VICINI, Alessandro
15:55	[62] Higgs boson XS measurements and differential distributions at the LHC	MILENOVIC, Predrag
16:15	[63] EFT or Higgs physics with heavy/decoupling new physics	MARZOCCA, David
