

Session Program

31 August 2015 to 5 September 2015

**The 3rd Annual Large Hadron Collider Physics
Conference (LHCP2015)**

Top - 1

Corinthia Hotel, St. Petersburg

Monday 31 August

14:30

Top - 1: Parallel 2

Session | **Location:** Admiralty Hall | **Conveners:**

Alison Lister, Pedro Vieira De Castro Ferreira Da Silva, Fabrizio Caola, Christian Schwanenberger

14:30-14:50

Selected topics from $t\bar{t}$ cross-section: inclusive and differential

Speaker

Susana Cabrera Urban

14:50-15:10

Selected topics from $t\bar{t}+X$ (X =jets, gamma, W,Z)

Speaker

Carmen Diez Pardos

15:10-15:30

Latest developments in differential distributions at NNLO

Speaker

David Heymes

15:30-15:50

Selected topics from top mass measurements at the Tevatron

Speaker

Reinhard Schwienhorst

15:50-16:10

Selected topics from top mass: standard measurements

Speaker

Nathan Mirman

16:10-16:30

Selected topics from top mass: measurements in fixed schemes and using alternative methods

Speaker

Teresa Barillari

16:30
