

# The 3rd Annual Large Hadron Collider Physics Conference (LHCP2015)

## Monday, 31 August 2015

### Exotics - 1: Parallel 2 (14:30 - 16:30)

-Conveners: Tobias Golling; Daniele Del Re; Victor Coco; Andreas Weiler

time	[id] title	presenter
14:30	[93] Direct search at low mass in heavy flavour hadron decay	REDI, Federico Leo
14:55	[97] Theory motivation for exotic signatures, prospects and wishlist for run II	STOLARSKI, Daniel
15:25	[96] Searches for contact interactions and extra dimensions with non-resonant excesses at the TeV scale	STELZER-CHILTON, Oliver
15:43	[95] Searches for exotic long-lived particles with displaced signatures at the LHC	SALVATORE, Daniela SALVATORE, Daniela
16:01	[94] Searches for heavy stable charged particles and other exotic signatures with large ionization at the LHC	KAZANA, Malgorzata
