# CLICdp organisation

For more details, see  
<http://cllcdp.web.cern.ch/content/organisation>

# Introduction

## Most important changes:

### Recent election of the new CLICdp IB chair

- **Aidan Robson, CLICdp IB chair for 2 years starting July 1<sup>st</sup> 2015**

### Consequences of the election of Mark Thomson as spokesperson of DUNE expt.

Cambridge group with Mark Thomson remain active members of CLICdp

On the request of Mark, we propose his replacement for 2 CLICdp roles

# Co-convener CLICdp analysis working group

Analysis working group formally covers:

Benchmark analyses and simulation/reconstruction software tools

<http://cllicdp.web.cern.ch/content/wg-analysis>

Current situation:

Co-convener: Philipp Roloff (CERN) + Mark Thomson (Cambridge)

Proposed new situation:

Co-convener: Philipp Roloff (CERN) + **John Marshall** (Cambridge)

# CLICdp representative in LCCPDEB

LCC physics and detector organisation focuses on ILC

Includes synergies with CLIC

Therefore, one CLICdp representative in LCC PD executive board
