

# VCI2016 - The 14th Vienna Conference on Instrumentation

## Tuesday, February 16, 2016

### SiPM (4:30 PM - 6:10 PM)

-Conveners: Hiroyasu TAJIMA

time	[id] title	presenter
4:30 PM	[294] A novel Silicon Photomultiplier with bulk integrated quench resistors - utilization in optical detection and tracking applications for particle physics	Mr PETROVICS, Stefan
4:55 PM	[331] Performance of the latest prototypes of NUV-HD Silicon Photomultipliers	ZAPPALÀ, Gaetano
5:20 PM	[326] Improving the Time Resolution in Cherenkov TOF PET with SiPMs	DOLENEC, Rok
5:45 PM	[251] Study of the breakdown voltage of SiPMs	Prof. KLANNER, Robert
