# WLCG Workshop follow up

Ian Collier

Ian.collier@stfc.ac.uk

STFC Rutherford Appleton Laboratory

GDB, November 9th 2016

Workshop details

- Fall 2016 WLCG Workshop took place during 1 ½ days preceding CHEP 2016 in San Francisco
  - 8th-9th October, SF Marriott
- Schedule and talks available here:
  - https://indico.cern.ch/event/555063/overview
- Not going to go into detail
  - Session topics and links to details on following slide
- Any feedback on the workshop is very welcome
  - Contact Ian B or Ian C

WLCG Workshop: Main topics

- Data Management
  - https://indico.cern.ch/event/555063/sessions/207257/
- Security
  - https://indico.cern.ch/event/555063/sessions/209002/
- Networking
  - https://indico.cern.ch/event/555063/sessions/203482/
- Technology Evolution
  - https://indico.cern.ch/event/555063/contributions/2285842/
- Performance
  - https://indico.cern.ch/event/555063/sessions/207262/
- Clouds
  - https://indico.cern.ch/event/555063/sessions/207264/

"Matters Arising"

- Much of the workshop effectively status reports on work that is progressing much as expected
- A couple of areas suggest that there is work required where the exact path is not clear.
  - Security
    - the more 'social' issue of how grid security teams collaborate more effectively with campus security teams
  - Performance
    - this is one of our community's major challenges
- We will look at these now

Next Workshop

- Beginning to discuss next workshop
  - Should be roughly midway between now and CHEP 2018
  - So June or early July 2017 (need to avoid vacations)
- We need a venue and host – more accessible and less expensive than San Francisco would be great!
  - Contact myself or Ian Bird to volunteer of if you have suggestions

Questions?
