Resource	Status	Comments
SVN repository	Migration in progress	See earlier talk
File release system	In use for panc, testing for ncm-components	No APT/YUM repository?
Wiki	Up and running	Need people to contribute!
Web space	Up and running	Redirected to wiki, also used for docs
Mailing lists	Not investigated yet	Do we need to change?
Issue trackers (bugs, feature requests, support requests)	Not investigated yet	Do we need to change? Might be helpful to avoid confusion with CERN-specific issues
Forums	Not investigated yet	Does this add anything?
Documentation repository	Not investigated yet	Intended for snapshot, stand-alone documentation
