

5th Joint HiLumi LHC-LARP Annual Meeting

Friday, 30 October 2015

WP2 Session (in room 6-R-012) - 6/R-012 - conference room (09:00 - 10:30)

time	[id] title	presenter
09:00	[87] How precisely can we control our magnets? Experience and impact on the expected control of machine parameters (tune and chromaticity)	SOLFAROLI CAMILLOCCI, Matteo
09:30	[88] Challenges of optics control for HL-LHC and beta* luminosity levelling	TOMAS GARCIA, Rogelio
10:00	[90] Beam-beam effects and stability of the beams during operational cycle	TAMBASCO, Claudia

WP2 Session (in room 6-R-012) - Salle conference BE 6-R-012 (11:00 - 12:30)

time	[id] title	presenter
11:00	[91] BBLR compensation in HL-LHC	VALISHEV, Aleksander
11:30	[92] BBLR compensation simulations for SPS/LHC tests	PAPAPHILIPPOU, Yannis
12:00	[93] Luminosity modelling for HL-LHC	ANTONIOU, Fanouria
