Parallel Session 1 C - Detectors and Future Facilities

Session | **Location:** University of Oxford, Dennis Sciama Lecture Theatre

16:00-16:15 **Testing and simulation of Multi-Pixel Photon Counter devices**

Speaker

Martin Haigh

16:15-16:30 **Software buildup to LHC switch-on**

Speaker

Alexander Richards

16:30-16:45 **Particle Flow at CMS**

Speaker

Jamie Ballin

16:45-17:00 **Crosstalk in the LHCb Vertex Locator modules**

Speaker

Lisa Dwyer

17:00-17:15 **Performance of HPDs in the LHCb RICH Detectors**

Speaker

Young Min Kim

17:15-17:30 **Computation of Resistive Wakefields**

Speaker

Adina Toader

17:30-17:45 **A CLIC Post-Collision Extraction Line Photon Background Study**

Speaker

Michael Salt
