

Strangeness in Quark Matter 2016

Thursday, 30 June 2016

Strangeness in Astrophysics - 203 (09:00 - 10:40)

-Conveners: Grazyna Odyniec

time	[id] title	presenter
09:00	[1] Stable hybrid stars within a SU(3) Quark Meson model	ZACCHI, Andreas
09:20	[122] An Application of Functional Renormalization Group Method for Superdense Nuclear Matter	BARNAFOLDI, Gergely
09:40	[98] Onset of mesonic condensation phenomena from higher order susceptibilities	SKOKOV, Vladimir
10:00	[105] Strange partial pressures from Lattice QCD	NORONHA-HOSTLER, Jacquelyn
10:20	.
