

OA transformation session : Discussion - impact of open access on the cost of scholarly communication

Thursday, 22 June 2017 09:40 (40 minutes)

Dr. Shulenburg will examine how scholarly communications got to its current dysfunctional state and chart the course toward an affordable and accessible future. Some tactics may well lead to worsening the scholarly communications system; his remarks will focus on identifying dysfunctional tactics while encouraging persistence in those that will lead to improvement.

Presenter: Dr SHULENBURGER, David E.
