

Session Program

17-21 Jan 2005

Workshop Chamonix XIV

Session 4 - Other Issues affecting Beam Commissioning I

CERN, 503/1-001 - Council Chamber

Tuesday 18 January

14:00

Session 4 - Other Issues affecting Beam Commissioning I

Session | **Location:** CERN, 503/1-001 - Council Chamber | **Conveners:**
Rhodri (Scientific Secretary) Jones, Stephan (Chairman) Russenschuck

14:00-14:20 **Electrical Quality Assurance (ELQA)**

Speaker

Mr Davide Bozzini

Location

CERN, 503/1-001 - Council Chamber

14:25-14:45 **Report from the Magnet Polarity Coordinator**

Speaker

Dr Stephan Russenschuck

Location

CERN, 503/1-001 - Council Chamber

14:50-15:10 **Quench Protection System**

Speaker

Reiner Denz

Location

CERN, 503/1-001 - Council Chamber

15:15-15:35 **Consequences of RF system failures during LHC beam commissioning.**

Speaker

Dr Trevor Linnecar

Location

CERN, 503/1-001 - Council Chamber

15:40-16:00 **Coffee break**

16:00-16:20 **Initial commissioning of critical beam instrumentation systems**

Speaker

Dr Eva Barbara Holzer

Location

CERN, 503/1-001 - Council Chamber

16:25-16:45

The estimation of individual and collective intervention doses for the LHC beam cleaning insertions

Speaker

Markus Brugger

Location

CERN, 503/1-001 - Council Chamber

16:50-17:10 **The LHC Access System: why do we put doors ?**

17:30

Speaker

Dr Luigi Scibile

Location

CERN, 503/1-001 - Council Chamber
