

Workshop Chamonix XIV

Thursday 20 January 2005

Session 8 - Machine Protection Issues affecting Beam Commissioning - 503/1-001 - Council Chamber (15:00 - 18:30)

time	[id] title	presenter
15:00	[31] Machine Protection System(s) - Overview	Mr SCHMIDT, Ruediger
15:30	[35] Collimators and Beam Absorbers for Cleaning and Machine Protection	Dr ASSMANN, Ralph
15:55	Coffee Break	
16:15	[40] LHC aperture and commissioning of the collimation system	Dr REDAELLI, Stefano
16:40	[26] Beam instrumentation other than BLMs linked to the machine protection system	Dr JONES, Rhodri

Friday 21 January 2005

Session 8 - Machine Protection Issues affecting Beam Commissioning - 503/1-001 - Council Chamber (09:00 - 12:30)

time	[id] title	presenter
09:00	[23] Commissioning of the protection systems	Dr WENNINGER, Jorg
09:25	[12] Objects Capable of Touching the Beams	Dr COLLIER, Paul
09:50	[15] Will we ever get the green light for beam operation	Dr UYTHOVEN, Jan
10:15	Coffee Break	
10:35	[64] Beam loss induced quench levels	Dr SIEMKO, Andrzej
11:00	[25] Damage Levels: Comparison of experiment and simulation	KAIN, Verena
