## Session 3 - Preparation of Restart in 2005-2006

**Session** | **Location:** CERN, 503/1-001 - Council Chamber | **Conveners:**  
Roland (Chairman) Garoby, Rende (Scientific Secretary) Steerenberg

09:00-09:15

### Will PS&SPS be ready for CNGS start-up in 2006?

#### Speaker

Dr Elias METRAL

#### Location

CERN, 503/1-001 - Council Chamber

09:20-09:35

### How far can we increase the Intensity per Pulse for CNGS?

#### Speaker

Elena Shaposhnikova

#### Location

CERN, 503/1-001 - Council Chamber

09:40-10:00

### When can we have a clean Multiturn Extraction from the PS?

#### Speaker

Dr Massimo Giovannozzi

#### Location

CERN, 503/1-001 - Council Chamber

10:10-10:25

### Should we prepare for using a 900 ms basic period in the near future?

#### Speaker

Dr Michael Benedikt

#### Location

CERN, 503/1-001 - Council Chamber

10:30-10:50

### Coffee break

10:50-11:10

### Can we afford to re-start the SPS in 2006 without multicycling?

#### Speaker

Bertrand Frammery

#### Location

CERN, 503/1-001 - Council Chamber

11:20-11:35

### Can we sufficiently protect the SPS and its extraction lines against damages in multi-cycling and high intensity beam context?

#### Speaker

Mr Bruno Puccio

#### Location

CERN, 503/1-001 - Council Chamber

11:40-11:55

### How many protons can we afford to loose annually in the PS Complex?

**Speaker**

Dr Thomas Otto

**Location**

CERN, 503/1-001 - Council Chamber

11:55-12:10

**How many protons can we afford to loose annually in the SPS and its beam lines?****Speaker**

Doris Forkel-Wirth

**Location**

CERN, 503/1-001 - Council Chamber

12:20-12:35

**Can we operate CERN's Technical Infrastructure from the MCR efficiently?****Speaker**

Mr Peter Sollander

**Location**

CERN, 503/1-001 - Council Chamber

12:40-12:55

**Towards the CCC****Speaker**

Dr Simon Baird

**Location**
