Session 5 - Beyond the Standard Model

Session | **Location:** Les Diablerets, Switzerland | **Convener:** Ulrich Straumann

08:15-08:45 Beyond the Standard Model - Theoretical Outlook

Speaker

Benjamin Allanach

08:45-10:00 Particle searches at the Tevatron

Speakers

Anna Goussiou, Heather Kay Gerberich, Marie-Claude Cousinou

Subcontributions

SUSY Searches at the Tevatron (D0)

Speaker

Marie-Claude Cousinou

Searches for BSM (non-SUSY physics) at the Tevatron (CDF)

Speaker

Heather Kay Gerberich

Higgs Searches at the Tevatron (D0)

Speaker

Anna Goussiou

10:00-10:30 Higgs searches at LHC

Speaker

Marco Pieri

10:30-11:00 Coffee

11:00-11:30 SUSY signatures at LHC

Speaker

Christopher Lester

11:30-12:00 Other new particles etc. at LHC (black holes, compositeness etc....)

Speaker

Vladimir Savinov

12:00-12:30 Sensitivity to new physics in the B-sector

Speaker

Michael Schmelling

12:30
