

Nuclei in the Cosmos - IX

Wednesday, 28 June 2006

9 Element production, stellar evolution, and stellar explosions (08:30 - 10:10)

-Conveners: Verne V Smith

time	[id] title	presenter
08:30	[254] New Ideas in the Theory of Core-Collapse Supernova Explosions	BURROWS, Adam
09:00	[156] The Role of Neutrinos in Explosive Nucleosynthesis	FROHLICH, Carla
09:20	[175] Neutrinos and Nucleosynthesis in Gamma Ray Bursts	SURMAN, Rebecca
09:40	[283] Presupernova Evolution and Explosive Nucleosynthesis of Massive Stars	CHIEFFI, Alessandro
