

Session Program

15-16 Oct 2008

**Workshop on Timing Detectors: from particle
physics to medical applications**

Test results and readout (II)

IPN Lyon

Thursday 16 October

11:00

Test results and readout (II)

Session | Location: IPN Lyon

11:00–11:30

Results from the CERN test beam

Speaker

Andrew Brandt

11:30–12:00

Gastof and picosecond resolution ToF detectors at the LHC

Speaker

Krzysztof Piotrkowski

12:00–12:30

GASTOF: C++ simulation and comparison with TB data

Speaker

Nicolas Schul

12:30
