

Session Program

15-16 Oct 2008

**Workshop on Timing Detectors: from particle
physics to medical applications**

Test results and readout (I)

IPN Lyon

Thursday 16 October

09:00

Test results and readout (I)

Session | Location: IPN Lyon

09:00–09:30

Progress on the development of TOF concept using MCP-PMT detectors at SLAC

Speaker

Jerry Va'Vra

09:30–10:00

Tests of MCP-PMT for the TOP counter

Speaker

Kenji Inami

10:00–10:30

FNAL Test beam and Future MCP developments at ANL

Speaker

Karen Byrun / Gary Drake

10:30
