
Welcome etc.

Steve Fisher / RAL

25/9/2003

<s.m.fisher@rl.ac.uk>

People

- Laurence is leaving us for a new job
  - Employed by Karlsruhe
  - Working on LCG
  - At CERN
- Many thanks for all his hard work!

Schedule

- Today
  - Current Session
    - Quality
    - Move to GRID Services
    - Mercury/R-GMA integration for GRM
    - Schema Replication
    - Mediator
    - Authorisation
- Tomorrow
  - Public
    - R-GMA Tutorial
    - Wish List Generation - discussion
  - Wrap-up session
    - Dissemination
    - Discuss the plenary presentation
    - Plan and Priorities for the rest of the project
      - This will include some more discussion on the mediator

Status

- LCG – has no R-GMA
- Application has non-robust R-GMA
- Dev and WP3 have latest version with new streaming
  - Must get reliable version on Dev/WP3
    - Without new features
  - Then get it on application TB
    - Even though tedious to introduce
  - Then convince LCG

Consequently may have to spend time on code/deployment this.
