

## **Session Program**

**29 June 2009 to 3 July 2009**

# **EDS'09: 13th International Conference on Elastic & Diffractive Scattering**

***Contributions: forward physics and low-x  
QCD***

CERN, 503/1-001 - Council Chamber

# Friday 3 July

11:00

**Contributions: forward physics and low-x QCD**

**Session** | **Location:** CERN, 503/1-001 - Council Chamber

**11:00-11:20**    **Critical phenomena in hadron- and lepton-induced reactions**

**Speaker**  
Laszlo Jenkovszky

**11:20-11:35**  
**Beauty baryon production in p-p collisions at LHC and b-quark distribution in the proton**

**Speaker**  
Gennady Lykasov

**11:35-11:55**    **Higher-twist dynamics in large pT hadron production**

**Speaker**  
Francois Arleo

**11:55-12:15**    **Initial-state interactions in Drell-Yan processes at hadron collisions**

**Speaker**  
Dae Sung Hwang
