EGEE Operations Manager

EGEE is proposed as a project funded by the
European Union under contract IST-2003-508833

- ROC's, CIC's, OMC
- How they cooperate and interact
- Consider via various scenarios:
 - Certification activities
 - Deployment
 - Service operation
 - Operational support
 - General services, site problems, VO-specific
 - User support
 - General user, application user, expert vs general user
 - SLA's
 - Monitoring, site-ROC, ROC-EGEE ...
 - Training
 - Who participates?

- OAG – like GDB in LCG
 - Policy body – agreements between sites
 - Members: ROC managers, CIC managers, others?
 - Define mandate and scope
- Define:
 - Operational model
 - User support model
 - Certification process(es)
 - Deployment process(es)
 - Interaction with external providers
 - Other grids, NOC's, ...
 - ...

- Range of what is required
- Production service
 - Starts from LCG-2 – transition ?
- Development service
 - Which sites, level of resources
- Certification testbed
 - Extended – which sites, resources
 - Multiple? Production, development
- Deployment testbeds
 - Deployment team, ROC's – to test deployment procedure
- Application integration testbed
 - Few machines, apps to build with grid m/w – no real service
- Tutorial/training testbed
 - On-demand, not permanent, where? Resources?

- With other grid projects
 - Other EU projects – SEE-Grid, Grace, ...
 - Collaborative agreements
 - US grids (especially important for LCG)
 - Peering – what does it mean – how will it work?

- How are responsibilities shared with JRA1?

- Management tools
 - What is missing?
 - Responsibility for development
- Problem tracking
 - ROC-CIC-OMC-NOC-Sites-xxx
 - Operations-middleware-...

- Model for security
 - Operational model
 - Agreed CA's – what is mechanism/people?
- Registration
- Usage
- Access to resources
- What are requirements, conditions for:
 - Bringing in new sites
 - Bringing in new VO's

Aim for today

- Outline of Execution plan
- Work breakdown and assignments
- Timetable for completion
- Meetings/phone conferences
